Mr. Robert Prior,
Dependable Turbines Ltd.

RE: Certificate Of Supply And Operation

Dear Mr. Prior,

In response to your request for a Certificate of Supply and Operation we are pleased to provide your potential customer the following information:

1. Dependable Turbines Ltd. provided us a 580 kW twin jet Turgo turbine and associated generator.
2. The machine was supplied FOB our site in Georgetown California in 2009
3. We installed the machine and commissioned it in June 2009
4. The machine has run continuously since June of 2009 and it has performed to our expectations.

If your potential customer needs further information please have them contact me via email on on my cell phone.

Regards,

Mark Henwood
Manager, Tunnel Hill Hydroelectric LLC
